

IOWA OPEN HOUSE

Technology Institute

WHO: University of Iowa Technology Institute (formerly Center for Computer-Aided Design) is a basic and applied, multi-disciplinary research hub in the College of Engineering.

WHAT: Learn about ITI's **ongoing research** activities, including examining the U.S. Army's new **Army Combat Fitness Test** using our virtual human **SANTOS**.

- **Watch ITI's new video short** explaining the ACFT research
- Take self-guided **tours of labs and demonstrations**
- Say **'hello'** to our faculty, staff and students
- **Test your stamina** at Army Combat Fitness Test drills - Outside, weather pending
- A **food truck** expected to be set up in the ERF parking lot #29. Bring a few dollars for lunch.

WHERE: Engineering Research Facility, 330 S. Madison St. (across from CRWC)

WHEN: Wednesday, Oct. 20, 2021 | 11 a.m. - 1 p.m. (CDT)

Individuals with disabilities are encouraged to attend all University of Iowa-sponsored events. If you are a person with a disability who requires a reasonable accommodation in order to participate in this program, please contact Brian Morelli in advance at brian-morelli@uiowa.edu.
